One of the newly acquired residents of Brownsville, remarking upon the recent wet weather and the muddy places here and there, said that a letter just received from his old home in Illinois reports the mud as "knee-deep" there. It has not been nearly so bad as that here, and, considering the mild temperature we have had, the average dweller of this region has little cause for complaint on the score of weather.

Death of Miss Williams.

A private letter received here from Mrs. L. A. Portness of Terrell, Texas, reports the death of her niece, Miss Lizzie Williams, which occurred lately at her home in Louisiana. By her sweet disposition and lovely character, she made many warm friends here, and the news of her untimely death is deeply regretted by them, while much sympathy is felt for the bereaved relatives.

Says We Ought to Save More.

Simeon E. Baldwin, of New Haven, associate justice of the supreme court of Yale law school, spoke on Thursday evening before the Hartford Workingmen's club, on "Saving and Spending," and made some interesting remarks. He said that a single man earning \$1.50 a day should lay by 25 cents a day and should not get married until he had \$100 saved up. He said there was a general tendency to spend more money than necessary. Judge Baldwin said the American native is spending too much money in eating and furnishing the home, and although the nation is much richer, people are not saving as much in proportion to income as they did fifty years ago.

The Two Geronimos.

I see, notes Victor Smith, the Filipinos are designated the "Apaches of the Orient." Very good and quite apropos. Geronimo was the name of the Apache chief Lawton fought to a standstill in his young days, and by the strange irony of fate Geronimo was the name of the Filipino chief, one of whose band shot General Lawton dead. The Apache Geronimo is still standing off old Father Time in great style; he is 80 years old and as jolly as an old sand boy with his \$30 a month, dreaming the happy hours away with not a thought of the past, though he has more scalps to his credit than any other big Injun living.

Saved

From Death After Four Years

Of Nervous Prostration and Debility.

Dr. Miles' Nervine Cured Me Permanently.

Nervous prostration is the most serious of nervous disorders. It arises from some extra strain, which robs the nerves of strength, vitality and life. The patient speedily loses self control, is subject to frightful headaches, faint spells, melancholia and morbid tendencies. Too weak to drag the thin, wasted body around; unable to get sleep or rest, life seems scarcely worth the living; the mind frequently broods until it becomes unbalanced and insanity often results. Read what Dr. Miles' Nervine did for Mrs. Grabbill:

"I was terribly afflicted with nervous trouble for nearly four years. I was so bad at times that I could not help myself, nor carry a chair across the room without giving out. One physician attended me for a year and a half without giving me any help whatever and I also doctored with two others without any good results. My father and others wished me to try Dr. Miles' Nervine which, after lots of coaxing I did. I took six bottles of the Nervine and some of the Nerve and Liver Pills. I was completely cured of my trouble and I heartily recommend it to any woman who is suffering from a nervous disorder. I have used Dr. Miles' Anti-Pain Pills for headache and neuralgia with best results. I believe firmly in the efficacy of the Nerve and Liver Pills and am fully convinced that Dr. Miles' Remedies saved my life."—MRS. HATTIE GRABILL, Roanoke, Va.

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."
